Subject: Feedback from EPA in Michigan

Submitted on 01/02/2021 3:35PM Eastern Time

Comments: Do NOT allow Proposed Class I Permits MI-139-1I-0007 & 0008 to happen. How dare you! Waiting for next administration to come in and destroy this proposal. How could you even fathom the thought of someone putting such chemicals close to our drinking water? Seriously! What kind of moron in charge of the EPA would even allow a thought into this.
